Plexcom's T-Plex Internet Access for Enterprise Business

When your business demands reliable service, Plexcom delivers the most cost-effective, scalable and flexible broadband service available. While other ISP's struggle with telco circuits and distance limitations, Plexcom will have your service ready within as little as 48 hours.

Service Overview

Plexcom's T-Plex Internet Access is the right choice for Small to Large Enterprise businesses as well as small companies utilizing bandwidth intensive applications. Plexcom's T-Plex Service provides for super fast symmetrical bandwidth offering customers more bandwidth for less money than our wired competition and the scalability you need to grow with your business.

* Savings based on Industry Average T1 pricing. ** Peak Data Rate speed is not a guaranteed data rate

Save Money

Plexcom's T-Plex Internet Access is more cost effective than Fractional T1, T1 & Multi-T1 service and doesn't require the purchase or rental of a router or T1 interface. As your business grows, you can upgrade your service to faster speeds without additional hardware or installation costs.

Fast, Flexible and Reliable

- **FAST** – Plexcom can have your business connected to the Internet within as little as 48 hours, T1 service can take several months to install.
- **FLEXIBLE** – Plexcom can upgrade your T-Plex service in .512mbps increments the very same day.
- **RELIABLE** – Plexcom offers an industry leading Service Level Agreement with a 99.99% uptime guarantee.

More Bandwidth

Plexcom's T-Plex Internet Access gives you more bandwidth for less money with guaranteed and Peak Data speeds. T-Plex Service combines the best features of T1, DSL and Cable Modem service in one low cost solution. Plexcom's service is not restricted by the size of the wire delivering the service which enables us to offer faster speeds for less money.

Plexcom's T-Plex Service is faster, more reliable and more flexible than a T1 for a lot less money.*

T-Plex 1.5  **up to 3Mbps**
upload and download speed

T1  **up to 1.5Mbps**
upload and download speed

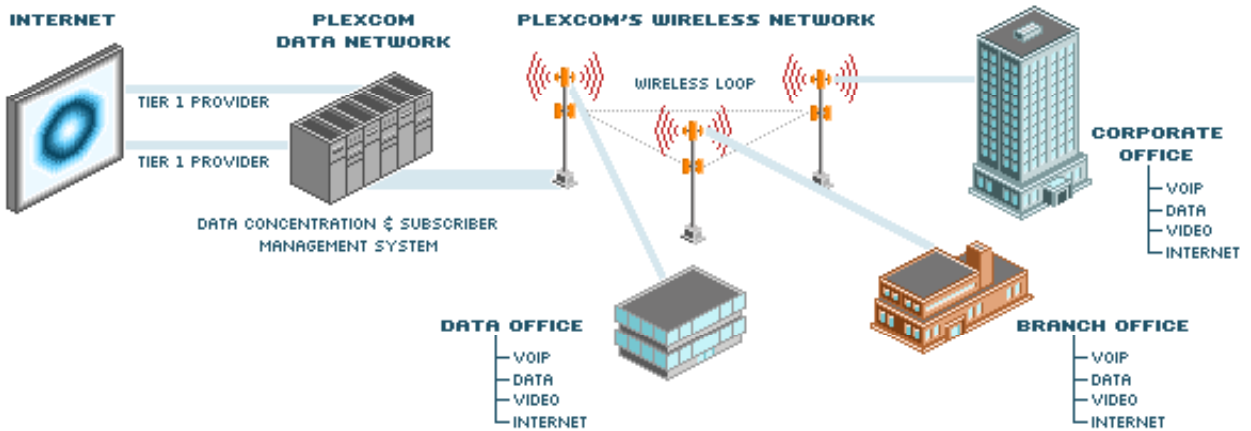

*Based on Industry Average T1 Pricing

Why Plexcom Networks?

Plexcom operates its own network. We don't have to wait for the phone company to run wires or resolve problems. Our service is delivered to your business via our wireless network, which enables us to provide you with fast, affordable service that can be installed on your timeframe in as little as 48 hours. T1's can take up to 12 weeks to install. Need multiple locations in Birmingham connected? No problem. We can do that too.

Plexcom uses proven cutting edge technologies to deliver reliable and secure broadband service to your business. Plexcom is avid about providing outstanding service and personalized support and we back it up with an industry leading SLA (service level agreement). Plexcom's technical support staff monitors the network 24x365 and stands ready to serve our customers.

You choose the best when you choose Plexcom Networks.

Contact Plexcom Today to find out more about the benefits of T-Plex Service for your business, **205-940-7878**. We will perform a complete analysis of your bandwidth requirements.
