## Get connected with broadband service from Plexcom

### Plexcom's ADSL Broadband for Home & Home Office

#### Service Overview

#### Home DSL & Home DSL NPS

Plexcom Home DSL comes in two flavors; DSL & DSL NPS (no phone service). Plexcom Home DSL offering rides your existing phone line, from the phone company, to deliver Internet service. Home DSL is perfect for users who already have phone service from the traditional local phone company.

For those customer who use Voice-over-IP phone service or a Cellular phone as their primary phone, but need the speed and reliability of DSL service, may want to consider our DSL NPS. Plexcom's DSL NPS is an ADSL service that runs over a dedicated line independent of the phone company. Customers are not required to have a phone line to receive Internet service.

### DSL Dedicated to your Home

Plexcom Home DSL service delivers affordable high-speed connectivity to homes and home offices. With Plexcom DSL, you get fast, efficient Internet access and quick downloads of email and large files. Plexcom Home DSL delivers one of the fastest download speeds of residential services on the market today at a price you can afford.

### Home DSL Broadband Internet Access

Service	Speed	Term	Monthly	Installation
<b>Home 1.5</b>	<b>up to 1.5mbps/128kbps</b>	<b>1 Year</b>	<b>from \$34.95</b>	<b>free on self install</b>
<b>Home 3</b>	<b>up to 3mbps/384kbps</b>	<b>1 Year</b>	<b>from \$39.95</b>	<b>free on self install</b>
<b>Home 6</b>	<b>up to 6mbps/768kbps</b>	<b>1 Year</b>	<b>from \$49.95</b>	<b>free on self install</b>

All bandwidth speeds are best effort and are not guaranteed speeds. Service may not be available in all areas. Pricing does not include taxes and equipment charges.

### Email Accounts

When you sign up for Plexcom Home DSL, you also get 3 email accounts. These are great for use in either a home business or within the family. Any additional email accounts needed can be purchased through Plexcom.

## Customer Service

When you choose Plexcom, you choose a company that knows the importance of your time and customer service. In the rare event you have a problem, we will work as quickly as possible to get your service up in as little time as possible. With Plexcom you will get the customer service you deserve. We truly are a part of your team!

## Installation of Equipment

Depending on which service you sign up for, installation options vary. With Home DSL NPS, a Plexcom Installer will install the equipment and line to your house. The installer will also confirm that your Internet connection is up and running so you don't have to worry about a thing. However, with Home DSL, you can choose between the self install kit or professional installation. Self Installation is simple with our easy to follow instructions or if you need assistance just give us a call. Self Installation usually only takes about 30 minutes. However, if you prefer, we can professionally install your service for an additional fee.

## Connect the Entire House

Plexcom DSL services get all of your computers online. Wireless laptop users can work from anywhere within the building while desktop users connect directly. One of the many benefits of a home network is that file sharing can be set up easily to transfer files quickly between different computers throughout the house. There are many other options that computers provide to take advantage of networked computers. This service requires a wireless router to connect computers wirelessly.

## 30 Day Trial

Order DSL from Plexcom and try it for 30 days. If you are not completely satisfied with the service, Plexcom will refund installation, equipment and monthly service fees without additional obligation for the service agreement. Equipment must be returned to Plexcom within 30 days of activation to qualify. Some restrictions may apply.
